DDA Subject

DA 88-0934
29 April 1988

MEMORANDUM FOR: Director of Central Intelligence

FROM: R. M. Huffstutler
Deputy Director for Administration

SUBJECT: Weekly Report for Period Ending 29 April 1988

1. The Office of Information Technology (OIT) activated a new communications circuit to the Federal Aviation Administration (FAA) that will provide FAA access to the Decision Support and Information System on Terrorism (DESIST).

25X1 2. OIT has transferred more than [redacted] customers to the new secure telephone system. The target date to complete secure telephone installations in the original Headquarters building is 7 May 1988.

3. Students are now able to sign up for Office of Training and Education (OTE) courses through an on-line system called TEAMS (Training and Education Automated Management System). The design and programming of this OTE/OIT-developed system took about one year. On a typical day last week, 200 students were automatically enrolled in OTE courses through TEAMS.

25X1 [redacted]

5. The Office of Logistics has begun inspections and basic improvements to the houses and roads on the Scattergood-Thorne property. Survey and design work for restoration of the property is underway.

6. A representative of the Office of Personnel last week visited the National Technology Institute for the Deaf to learn about the training received by the students and to identify potential student trainees for the Agency.

7. As part of its Security Awareness Program, the Office of Security this week conducted a briefing on "Soviet Espionage in Industry" at two contractor facilities in the Silicon Valley. In addition to contractors, attendees included representatives from the Defense Investigative Service, the FBI and the US Air Force.

25X1
